 - 3.1 Title: 18 pt. thick
 - 3.2 Author; 16 pt. normal
 - 3.3 Main topic: 16 pt. thick
 - 3.4 Sub topic: 14 pt. thick
 - 3.5 Abstract and body: 14 pt. normal
 - 3.6 Footnotes include work place and email: 12 pt. normal
4. The first page of Manuscript includes Title, Author, Abstract and Footnotes all in Thai language while second page includes Title, Author, Abstract and Footnotes in English.
5. To submit the Manuscript, the authors have to submit online.
6. The amount of pages of Manuscript should not exceed 15 pages.
7. The images should be in black and white only.

Manuscript Format

1. Title

2. Author(s) with

2.1 use superscript in numbers 1, 2, 3 follow with the each author and the number means the institute address of the author.

For example:

Achariya Rangsiruji¹ and Hiromu Sugiyama²

¹Department of Microbiology, Faculty of Science, Srinakharinwirot University.

²Department of Parasitology, National Institute of Infectious Diseases, Shinjuku-ku, Tokyo, Japan

2.2 The corresponding author should have the Asterisk (*) follow the superscript

For example:

Nalena Praphairaksit* and Onanong Pringsulaka

Department of Microbiology, Faculty of Science, Srinakharinwirot University.

*corresponding author, e-mail: nalena@swu.ac.th

3. Abstract: length not exceeding 250 words

4. Keywords: to specify at the end of the abstract

5. Introduction

6. Materials and Methods

7. Results

8. Conclusion and Discussion

9. Acknowledgements

10. References

References format in the article

Please refer to the source of the information by using Arabic number in the big bracket [] behind the text and synchronize with the number printed at the end in the reference section

For example:

Boonterm et al. [1] had studied the effects of amino acids on bacteriocin production. These phenomena show that the environment contributes to the growth of each type of plant [1, 2]

References writing format

1. Reference from book

Format:

Author, year of publication, title, edition number, place of publication, publisher, page number

For example:

1. Lewis, R. 2003. Human Genetics: Concepts and Applications. 5th Ed. New York. McGraw-Hill Companies, Inc. p. 291.

2. Reference from Journal

Format:

author, year of publication, title (begin with capital letter), the journal name, year (issue number), page number

For example:

2. Jiawen, C., Kistemaker, Jos C. M., Robertus, J., and Feringa, Ben L. 2014. Molecular Stirrers in Action. *Journal of the American Chemical Society*. 136(42): 14924-47932.
3. Ekgasit, S. 2016. From Fundamental Research to Commercialization: A case Study of Silver Nanotechnology. *Srinakharinwirot Science Journal* 32(2): 1-21. (in Thai)

3. Reference from Conference Proceedings

Format:

author, year of publication, title, In: editors. conference/ seminar report name, date month year of the conference, city and country of the conference, city of publication, publisher, page number.

For example:

4. Bengtsson, S., and Solheim, B.G. 1992. Enforcement of data protection, privacy and security in medical informatics. In: Lun, K.C., Degoulet, P., Piemme, T.E., Reinhoff O., editors. MEDINFO 92. Proceedings of the 7th World Congress on Medical Informatics. 6-10 September 1990. Geneva. Switzerland. Amsterdam. North Holland. p. 1561-1565.

4. Reference from Thesis

Format:

author, year of publication, title (Master's Thesis/Ph.D. Thesis). university name. location.

For example:

5. Auansalae, S. 1997. A Construction of a Mathematics Diagnostical Test Focusing on Function Trigonometry for Mathayom Suksa IV Students in Changwat Nongbualampoo (Master's Thesis). Khon Kaen University, Khon Kaen, Thailand.

5. Reference from Electronic Media

Format:

author, year of publication, title, from, date month year of the search

For example:

6. Feng, P., Weagant, S. D. and Grant, M. A. 2002. Enumeration of *Escherichia coli* and the Coliform Bacteria. Available from URL: <http://www.cfsan.fda.gov/~ebam/bam-4.html>. 10 March 2006.
